SIGNATURE **ACCEL 7-23-5**

GUARANTEED ANALYSIS

Iotal Nitrogen(N)	
5.88% Ammoniacal Nitrogen	
0.63% Urea Nitrogen	
0.49% Other Water Soluble Nitrogen	
Available Phosphate (P ₂ O ₅)	
Soluble Potash (K,O)	
Zinc (Zn)	
0.74% Chelated Zinc	

Derived from: Anhydrous Ammonia, Phosphoric Acid, Potassium Hydroxide, Urea, Zinc EDTA

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes skin and serious eve irritation. Wear protective gloves and eye or face protection. Wash thoroughly after handling.

F1548

FOR AGRICULTURAL AND PROFESSIONAL USE ONLY

DIRECTIONS FOR USE SOIL APPLICATION

7-23-5 with 0.5 ZN can be applied to crops by banding in or near the seed row, surface dribble, strip-till, bed placement, irrigation or by other methods. Follow label instructions or use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations of an approved nutrient management plan.

Density: 11.40 lbs/gallon @ 68 °F Liquid Measure: 250 gallons (946.35 liters) Net Weight: 2,850 lbs (1,292.73 kg) Product Code: 1001224905

When 7-23-5 with 0.5 ZN is applied in the seed row (directly on the seed) certain crop and rate restrictions apply. Until local experience is gained, refer to the foliar application for crop and suggested maximum rate instructions. The use of available "splitter" devices that apply fertilizer to the sides of the v-slot is encouraged. Do not apply directly on the seed in saline, alkali, salty or coarse-textured soils.

FOLIAR APPLICATION

Vegetable and Field Crops, Deciduous Fruit and Nut Trees, Grapes, Olives and Citrus; Apply 1 to 3 gallons per acre in a minimum of 5 gallons of water per acre. Repeat applications may be beneficial. Use of a surfactant may enhance leaf coverage and increase nutrient absorption. Do not apply when the crop is excessively stressed for moisture or during periods of high temperatures. Use the lowest possible volume for thorough coverage with a small droplet size. Optimum foliar application conditions for most crops generally occur during early morning or late evening hours. Foliar fertilization with primary nutrients will not provide the quantities of nutrients required for normal plant growth. This product may cause foliar burn if applied in higher than recommended rates or concentrations. Use only as a supplement to a regular fertilization program.

BENEFITS OF FOLIAR APPLICATIONS

Foliar feeding provides an effective method to provide macro and micronutrients to crops during growth stages. 7-23-5 with 0.5 ZN supplies quality N-P-K and ZN for maximum crop absorption improving recovery from stress and making quality growth better from vegetative to reproductive stages in the plant.

- Reduction in drought and metabolic stressors
- · Low cost, nutrient management that benefits ROI
- No foliar burn
- · Rapid correction of visual or tissue analysis of deficiency

MIXING INSTRUCTIONS

If mixing 7-23-5 with 0.5 ZN with other nutrient or CPP products, perform a jar test to ensure compatibility with different mixtures of chemicals. It is important to read and follow label directions of added products to ensure that pH, S.I., blending, and application integrity are maintained.

MIXING PROCEDURE

7-23-5 with 0.5 ZN disperses well in water with a minimum of agitation. For best results mix as

. Partially fill tank with water or fertilizer and start agitation.

- 2. Add 7-23-5 with 0.5 ZN to circulating tank mix.
- 3. Add other pesticides or nutrients if compatible.
- 4. Fill tank and agitate thoroughly.

FIRST AID:

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

liters)

Density: 11.40 lbs/gallon @ 68° F Liquid Measure: gallons (**Net Weight:** lbs (kg) If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565.

STORAGE, DISPOSAL and HANDLING:

STORAGE: Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store above 32°F/0°C. Do not contaminate water, food, or feed by storage or disposal. Storage is recommended in poly, fiberglass, stainless, or lined/coated steel tanks. Storage in flat bottom tanks during winter months is suggested. It is important to agitate/ recirculate prior to usage. Ensure that tanks are sanitized prior to filling with products. Do not blend and allow other products to store with 7-23-5 with 0.5 ZN. DISPOSAL: Do not reuse container. Completely empty container into application equipment. Thoroughly rinse container, adding rinse water to the spray tank. HANDLING: Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary.
